

## Registered Occupational Therapist

The Occupational Therapist's role is to provide clinical expertise and leadership to the multi-disciplinary team; to assist in maintaining quality communication and operations in the clinic, and to provide quality care to clients receiving occupational therapy services.

### RESPONSIBILITIES

- Evaluate, develop, and implement treatment for children with a wide variety of needs.
- Develop and implement trainings for staff
- Assist with recruiting and supervising new therapists as needed
- Design and deliver parent training seminars as needed

### QUALIFICATIONS

This is an extraordinary opportunity for an individual with expertise in pediatrics to grow and further develop a proven program, and to mentor therapists new to the field. The successful candidate will deliver professional and clinical expertise and work corroboratively with a high-performance management team.

### REQUIREMENTS

- Minimum of a Masters degree in Occupational Therapy
- Certification and Florida State licensure as an Occupational Therapist in good standing
- At least 1 year of experience working with children with autism and/or developmental delays
- Strong personnel management skills with a high degree of self-initiation
- Excellent verbal and written communication skills with exceptional attention to details
- Personal and professional qualities of integrity, credibility, commitment and passion

\*Some regular travel may be required in this position.
